

# CHILDREN'S PLAY AREA CLEANING & MAINTENANCE

A Clean Surface Is a Safer Surface – A Well Maintained Surface Will Last Longer

**Artificial grass play area activities include:** Power grooming the surface to remove ingrained debris and contamination, pile lifting, infill decompaction to ensure drainage, infill top up, moss and algal wash, weed killing, seam inspection and repair, written annual inspection report.

**Wet pour rubber play area activities include:** Power sweeping to remove surface debris and ingrained dirt, edging inspection and repair, moss and algal wash, intermittent power washing & binder application, high wear area inspection and repair, weed killing, written annual inspection report.

Maintaining a play surface promotes: **a Safer Place to Play – Better Year Round Use – a Clean & Pleasant Play Area – Protection of an Investment – Longevity – Peace of Mind**

Free initial inspection and quotation – Annual Packages Available – Single Contract Maintenance Works Undertaken – Three Year Fixed Price Contracts Available – Packages Designed to Suit All Budgets
